

SOFTWARE GOLDEN OLDIES VOLUME 1 - AMIGA NOTES.

To run the program...

Turn on your Amiga and insert the Amiga KICK START disk at the Kick Start prompt. Insert Your Golden Oldies Volume Disk at the Work Bench prompt.

If your Amiga is already running, inserting the Golden Oldies Disk and simultaneously depress the CONTROL key and the Two Red AMIGA A keys, located on either side of the space bar.

Your Amiga version of Software Golden Oldies Operates as described in the booklet, except for the following:

All menu selections are made from the mouse. Press the right mouse button to display the menu bar at the top of the screen. Point to the desired selection, causing it to display inversely, and release the button.

In the LIFE program:

1. To populate cells in the LIFE editor, point with the mouse to any location. If that cell is off you will be in INSERT mode for as long as the left button is depressed. If that cell is on, you will be in DELETE Mode for as long as the left button is depressed.
2. You may elect to continue to run a population that has been stable for ten generations by re-selecting RUN from the menu.

The ESCAPE Key referred to in the booklet is QUIT in the left-most menu box of each program.

You may allow Eliza or Adventure to speak by selecting VOICE ON from their respective menus.

HAVE FUN !!!
